

7th ANNUAL MEETING

Core Curriculum in Cardiac INTERVENTION

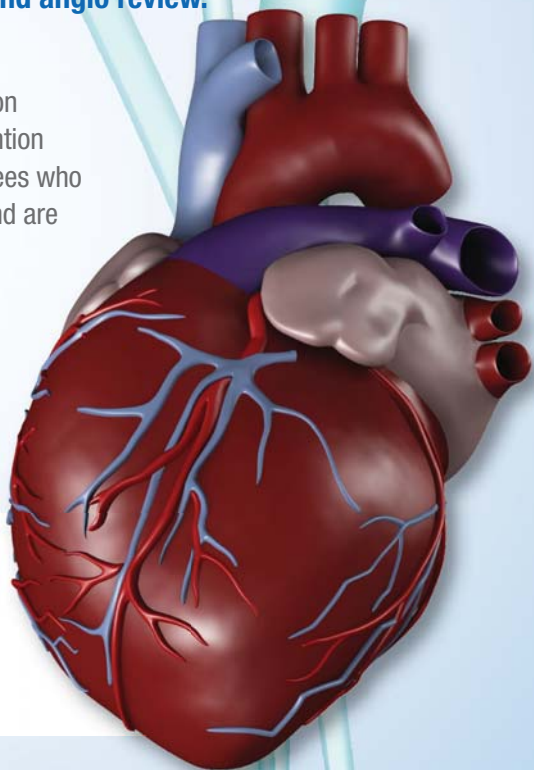

Thursday 14th & Friday 15th April 2016
The Queen's College, University of Oxford

A BCIS-endorsed course in Basic Coronary Intervention that will include lectures, simulator training and angio review.

Organised on behalf of the Training and Education Committee of the British Cardiovascular Intervention Society, this course has been designed for trainees who have completed their core cardiology training and are planning a career in interventional cardiology.

Organised by: Professor Adrian Banning and Professor Raj Kharbanda

This meeting is co-sponsored by BCIS and the British Cardiovascular Industry Association, whose members are Pharmaceutical and Healthcare Technology Companies
