British Society of Echocardiography

Core training in Echocardiography 2012

Post Graduate Centre, Nottingham University Hospitals, City Campus
Thursday 27th & Friday 28th September 2012

Course fee £250

This is a 2 day course covering core topics in adult echocardiography. Course content will be delivered by experts in the field of echocardiography and will cover the basics and current recommendations for assessment of various conditions. In addition to didactic lectures, there will be interactive case discussions on various topics with tips and tricks for assessment. You can test your knowledge and improve confidence using self marking theory and video questions.

The course is aimed at anyone starting out in echocardiography or those wishing to refresh their knowledge. The course covers majority of the syllabus for Transthoracic accreditation examination and is ideal for those wishing to sit the BSE exam.

Topics covered - for the full list of topics covered please visit www.bsecho.org
Accommodation - Accommodation has been negotiated at the BEST WESTERN Westminster Hotel, 312 Mansfield Road, Nottingham NG5 2EF and a complementary coach is available for transfr for delegates.

Course fee includes handouts, refreshments and lunch.
Visit www.bsecho.org for full details and to register.
