

Dear colleague

It gives us great pleasure to invite you to the first Manchester Adult Structural Heart Intervention Meeting on Tuesday 28th June 2011.

This one-day meeting focuses on new, transcatheter adult cardiac interventions for the management of acquired valvular heart disease and stroke prevention.

National and international expertise will join the host faculty to provide a comprehensive programme of talks and case examples.

Registration is free and places are limited.
Please see the accompanying flyer for further details.
Full programme and faculty details will follow shortly.

We hope you can join us and look forward to welcoming you to what promises to be a stimulating, informative meeting.

Yours sincerely

Mamta H. Buch
Consultant Cardiologist

Jaydeep Sarma
Consultant Cardiologist

On behalf of the structural heart intervention team at UHSM

The Manchester Adult Structural Heart Intervention Meeting

Tuesday 28th June 2011

**University Hospital of South Manchester
Wythenshawe Hospital**

Focusing on transcatheter valvular and non-valvular interventions

A joint meeting for general cardiologists, interventional cardiologists, cardiac surgeons, cardiac imaging specialists, elderly care and stroke physicians.

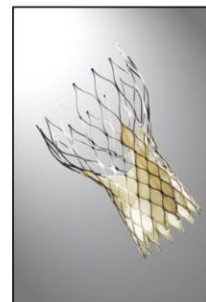

Topics include:

Transcatheter Valvular Interventions:

- Aortic and mitral valves: anatomy and pathology
- TAVI and MitraClip procedures
- Case selection

Transcatheter Interventions for stroke prevention:

- PFO closure
- LAA occlusion
- Role of imaging in SHD interventions
- Future of SHD interventions
