

CARDIOLOGY SIMULATION TRAINING FOR CARDIAC REGISTRARS

This one day training course is designed to meet the needs of a junior cardiology registrar. This provides invaluable knowledge and skills for a new starting registrar. It is delivered through a series of interactive lectures, which is complemented, with a ample of hands-on practice with simulators for angiography, pacing and pericardiocentesis. The group is divided into small groups which rotate throughout the day to maximise hands on practice.

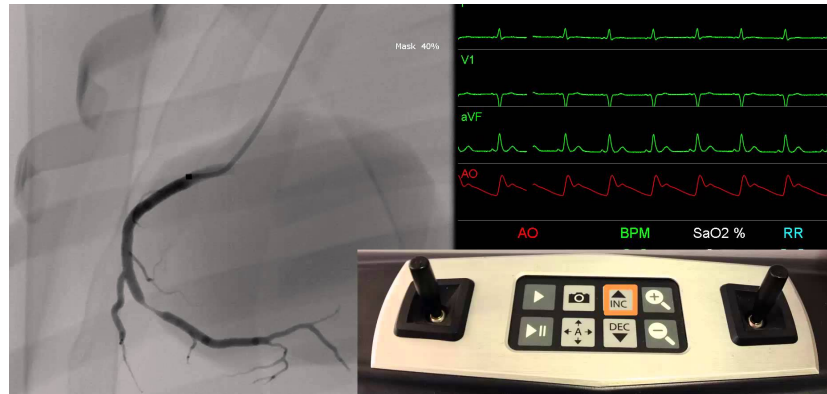

Date: Thursday 11th October 2018

Venue: GAPS Simulation Centre,
St George's University of London

Course fee: £200

To book:

Email sohaib.nazir@gmail.com

Course Directors:

Dr Zoe Astroulakis, Dr Richard Bogle, Dr Sohaib Nazir

Course Faculty:

Mr Graham Shaw, Prof David Oliveira, Dr Shrilla Banerjee, Dr Maciej Marciniak, Dr Anthony Li, Dr Manav Sohal, Dr Nikesh Sutaria, Dr Ying Tow

Programme

- 08.30 Registration and pre-course questionnaire
- 08.50 Welcome
- 09.00 Angiography: Indications and consent
- 09.15 Radial Access: tip and tricks
- 09.35 Communication in the cath lab
- 09.55 **COFFEE**
- 10.10 **Simulation: Vascular access, patient setup, hands on catheters**
- 11.00 Contrast and renal considerations
- 11.20 Complications
- 11.40 **Simulation: Angiography I**
- 12.10 **Simulation: Angiography II**
- 12.40 **LUNCH**
- 13.30 Pericardiocentesis
- 13.50 Temporary Pacing
- 14.10 **Simulation: Pericardiocentesis / Pacing / Angio review**
- 14.40 **COFFEE**
- 15.00 **Simulation: Pericardiocentesis / Pacing / Angio review**
- 15.30 **Simulation: Pericardiocentesis / Pacing / Angio review**
- 16.00 Final remarks and feedback
