Dear Specialist Registrar

We are writing to invite you to our 5th annual Hatter Institute Cardiology meeting for Specialist Registrars that we will be holding in London on Friday 30th November – Saturday 1st December 2007.

By way of introduction, you may be aware that there is an ongoing joint initiative in cardiovascular research between the Hatter Institutes’ of University College London and the University of Cape Town. As part of our Institute’s ongoing educational programme we organise a meeting specifically designed for Specialist Registrars, which is supported by an unrestricted educational grant from Servier UK.

The invited faculty are all expert speakers tasked with addressing a range of topics that underpin the understanding of cardiovascular medicine. We believe that these carefully chosen topics will be of direct interest to specialist registrars in cardiology (see enclosed agenda).

The meeting is being held at the Hatter Cardiovascular Institute at University College London, with accommodation being arranged at the Radisson Edwardian Hotel in Grafton Way, London. Our conference organising company, CCL Live, will be arranging all details of the conference. The meeting starts promptly at 10.30am on Friday 30th November with registration open from 9.00am, and will end at mid-day on Saturday 1st December 2007. There will be a conference dinner with a guest speaker on the Friday night.

There will be a registration fee of £100 per delegate. This fee will be 100% refundable when you attend the conference.

We do hope that you will be able to join us for what should be a stimulating academic occasion. Due to the complexity of the arrangements I would appreciate if you would reply no later than 31st August 2007 using the reply fax back form attached, indicating whether you are either able or unable to join us for this symposium in London. Please note that places will be awarded on a first come first serve basis.

Professor Derek M Yellon

Dr J Malcolm Walker

Professor Lionel H Opie

Supported by an educational grant from Servier Laboratories Ltd

Date of preparation: June 2007
Friday Morning session
Ventricular remodeling in heart failure
Professor Lionel Opie
The Hatter Institute, University of Cape Town

Lowering heart rate in clinical practice:- therapeutic implications
Dr Laura Corr
The Royal Brompton Hospital

Can clinical events be prevented in patients with stable coronary disease?
Dr Malcolm Walker
The Hatter Institute, University College London

Friday Afternoon session
Can clinical events be prevented in patients with unstable coronary disease?
Professor Keith Fox
University of Edinburgh

The Servier Basic Science Lecture:
Stem cells – are the horizons realistic?
Professor John Martin
University College London

Practical stent choice and management
Dr Duncan Dymond
St. Bartholomew’s Hospital, London.

Masterclass: That difficult ECG
Dr Wyn Davies
St. Mary’s Hospital, London.

Pre dinner talk
Extreme environmental exposure – are there any limits?
Dr Mike Stroud OBE
University of Southampton

Saturday Morning session
Challenges and victories for the NSF
Professor Roger Boyle
National Director for Heart Disease, UK

Monitoring clinical performance; what are the challenges and relevance?
Professor Sir Bruce Keogh
Heart Hospital, University College London

Mapping cardiovascular risk
Dr Julian Halcox
Institute of Child Health, University College London

Supported by an educational grant from Servier Laboratories
Hatter Institutes Cardiac Horizons Series V
For Specialist Registrars

University College London
Friday 30th November – Saturday 1st December 2007

FAX BACK REPLY FORM
Please reply by return

Please reply by fax to: 01491 419801
For the attention of: Professor Derek M. Yellon

All attendees must have an authorised SpR number to attend the meeting

Delegate Name: ____________________________________________________________

Hospital currently at: ______________________________________________________

Hospital due to be at in December (if different to above): _______________________

Region: ______________________________________ SpR Year: ______________

Telephone number (inc. area code): __________________________________________

E-mail address: _____________________________________________________________

I will attend the meeting

Yes ☐  No ☐

Signature: __________________________________________ Date: ____________

PLEASE WRITE CLEARLY AND IN BLOCK LETTERS

Your place is not guaranteed - confirmation details will be sent
to you upon receipt of this form
