

## 14th Annual Course

### Anatomy for Electrophysiologists 4<sup>th</sup> & 5<sup>th</sup> June 2018

Venue: National Heart & Lung Institute, London SW3 6LY

Course director: Prof S. Yen Ho, Royal Brompton Hospital, London, UK

#### Programme

##### Monday, 4<sup>th</sup> June 2018 (Day 1)

8.15 - 9.00am Registration + coffee

##### Session 1

09.00-09.30	Introduction to morphology of the normal heart and relationship to surrounding structures	Yen Ho
09.30-10.00	Living anatomy of the right atrium and transseptal puncture	Vias Markides
10.00-10.30	Imaging the left atrium and pulmonary veins: basic but essential	Vias Markides
10.30-10.45	Discussion	
10.45-11.00	<i>Coffee</i>	

##### Session 2

11.00-11.30	Morphology of the right atrium and atrial septum	Yen Ho
11.30-12.00	Morphology of the left atrium and pulmonary veins	Yen Ho
12.00-12.10	Discussion	
12.10-12.30	The atrioventricular junctions & conduction system	Yen Ho
12.30-12.50	Living anatomy of the AV junctions	Sabine Ernst
12.50- 13.00	Discussion	
13.00 – 13.45	<i>Lunch</i>	

.....(continues next page)

### Session 3

13.45 pm – 15.15 pm (in Seminar Room)

(a) **Hands-on specimens**

Carmen Gutierrez, Jan-Lukas Robertus,  
Karen McCarthy, William O'Connor, Yen Ho

15.15 -15.40 *Coffee*

15.40 – 16.20 Myocardium in health and disease:  
Structure and impulse propagation

Jacques deBakker

16.20 – 17.00 Selecting catheters and transseptal sheaths  
for the job

Sabine Ernst

**Tuesday, 5<sup>th</sup> June 2018 (Day 2)**

### Session 4

09.00-09.20 Rhythms from the His -Purkinje system

Jan Till

09.20-10.00 Anatomy of the ventricles & coronary veins

Yen Ho

10.00-10.30 Imaging the ventricles

Sabine Ernst

10.30-10.40 Discussion (10 mins)

10.40–11.00 *Coffee*

11.00-11.40 Pathology of the ventricles: cardiomyopathies

Jan-Lukas Robertus

11.40-12.10 Anatomy of congenital heart malformations

Yen Ho

12.10-12.40 EP anatomy after atrial procedures

Sabine Ernst

12.40-1.00 Discussion

*Lunch* -----Course ends
